Easter Hat Workshop

This year our school community has decided to hold a workshop for making Easter hats. The students will bring along their creative talents and work with the teachers and parent helpers at school. The kids will be supplied with all the arts and crafts they need and examples of hats will be displayed.

The workshops will be held on Friday 22 March at the following times:

4/5/6 - 9:00 to 11:00
1/2/3 – 11:30 to 1:00
K/1 - 1:30 to 2:50

The cost of the workshops is $4 per student to cover the cost of materials.

If you would like to help out on the day, please see Miss Purkiss or let the office know. We will appreciate the extra pair of hands. Please fill out the permission slip at the end of the newsletter and return it to the office along with the $4.00.

Easter Hat Parade

It’s very eggciting because our annual Easter Hat Parade is coming up!!!! The Easter Hat Parade will be held on Thursday 28th March from 9:30am – 11:00am.

The students will be able to show case their eggspert hats that they made in the workshops.

All students will be given a participation certificate and little egg on the day. There will also be prizes and class awards for the best hat.

An Easter Egg Hunt will also follow the parade, so make sure you are all clued up and have your baskets ready.

Parents and caregivers are encouraged to come along and watch the parade.

Egg Decorating Competition

This year we will continue with our eggcellent egg decorating competition. Students are invited to decorate eggs at home and create a diorama. There are some examples displayed in the office from previous years. Please make sure your diorama is taken to the library before or on the Easter Hat Parade morning in order for judging.

Facts about tutors

Private tutoring to give kids a helping hand in their schooling is a growing business. However, it’s also an area where parents can be vulnerable to bogus offers and misleading advertising.

Public speaking

Does your child suffer glossophobia? Fear of public speaking is common. Try creating opportunities for your child to present speeches to the family, without putting pressure on them to perform. Here are some tried and true tips to make your child’s next speech a success.

Science starters

Did humans live with dinosaurs? Does the moon disappear in the day? Kids love to know the answers to life’s mysteries but there are a few facts they often get wrong in the name of science.
