Community of Schools Disco

Donations needed!

Our Community of Schools Disco is soon approaching. We are kindly asking parents/carers to donate any old or unwanted CDs or records to use as decorations.

If you have any that you can donate to our school, please send them in with your child or drop them into the office.

We are also seeking to borrow some fairy lights, lanterns or solar panel lights that we could use at the entrance of the disco.

Parent helpers are also invited to come in and help us with making decorations etc. This is a community event and any ideas or suggestions are also welcome!

Thanking you!

PLEASE NOTE! NEW TIME FOR DISCO!

P AND C MANNA BEAR DRIVE

Thank you to all the families who supported the Manna Bear drive. I hope your kids are enjoying their Manna Bears and feeling the benefits as well. For any families who missed out, or who would like to buy more, they will still be available until the end of term and every purchase will still be raising money for the school. They would make great Christmas gifts and provide a healthy alternative for Christmas gatherings over the festive season.

If your children have been sitting up straight in assembly, there's a big chance they would have tried a Manna Bear or two!

Here's the form.

Yes! I would like to purchase ____

MannaBears @ $35 each. Total $____.

The children have been learning in class about having every day foods most of the time and sometimes foods (chips, confectionary, muesli bars, pies etc.) only sometimes.

Liz from Live Life Well will be at our school on Wednesday 10th December at 9.30 to speak to students.

Parents are invited to come on Wednesday to the library and listen to Liz share her knowledge and love for healthy eating and the importance of a healthy lunchbox.

WHICH IS HEALTHIER: FRESH, FROZEN OR CANNED VEGETABLES?

Buying your fresh vegetables in season means they are at their peak nutritional value and at their cheapest. It’s important that they ARE fresh, though, because as the time they are stored increases, their nutrients decrease.

Frozen vegetables have their nutrients locked in by the freezing process shortly after gathering, so they are a good option: steam or microwave in a little water for best results. Canned vegetables are a little less nutritious as the canning process affects heat sensitive vitamins EXCEPT for canned tomatoes where the antioxidants are made more available by the heat! Remember when using canned vegetables to get the low salt varieties.

Whichever you use it’s great that you’re getting the important five serves a day for your family!
FOR THE LOVE OF SCIENCE
Science is a method of engaging with, and trying to understand, the world. Professor Tim Flannery says if a child is interested in pursuing science; encourage them to develop persistence and humility – the idea that they won’t always be right.

PLEASURES OF FREE PLAY
Allowing free time for children to play on their own, making up games and activities, can help kids to be comfortable in their own company, teach them how to cope with boredom and, importantly, foster their imagination.

MR DAVIS’ FUNNIES OF THE WEEK

➢ “I’ve just recently gotten over my addiction to the Hokey Pokey. Yep, that’s right. I turned myself around and that’s what it’s all about.”

➢ VIOLENCE IS NEVER THE ANSWER!

   Except when the question is “What is never the answer?”

➢ Why does Edward Woodwood have four “D’s” in his name?

   Because if he didn’t his name would be Ewar Woowoo.
